

HOW THE CHIT SYSTEM WORKS

For Professional Communities

Identify a client or service user who you believe may benefit from attending Cocaine Anonymous

Download a local meeting list from our local website

Ask your client / service user to attend meeting, from start to end. On arrival, they should let the meeting secretary (the person taking the meeting) that they would like to collect a 'chit' at the end of the meeting to prove evidence of attendance.

At the end of the meeting, your client / service user will receive a card, initialled or stamped and dated.

The attendee can then use the business cards to prove attendance – Please note these chits are not proof of being clean, being sponsored, or working a programme, simply evidence of attending a meeting on the date signed.
